grants:

EC TYPE-EXAMINATION CERTIFICATE
MODULE B – EC TYPE-EXAMINATION

N° 0161/20636/13

for the following model of Personal Protective Equipment for III category:

Half-knee occupational boot art. "HELECHO 15090 CAM"

Manufacturer (see notes):

CALZADOS ROBUSTA S.L.

CTRA.DE PREJANO 72-APDO.CORREOS 103
26580 ARNEDO (LA RIOJA)
SPAIN

The present EC Type-Examination Certificate certifies that the technical design of the PPE model of the third category meets the requirements of the legislation applicable to it.

At choice of the manufacturer, the model of PPE must be submitted prior to release onto the market, one of the control systems provided for art. 11a and 11b of Directive 89/686/EEC.

Vigevano, 22/10/2013

Responsible of EC certification of PPE
of the foot and leg
Pietro Biglia

Technical Responsible
Giuseppe Bellotti

1. Description of personal protective equipment:

PPE Category: third category

Type of PPE: safety footwear for professional use according to EN 15090:2012 standard

Design: C - Half-knee boot

Classification: I - Footwear made from leather and other materials, excluding all-rubber or all-polymeric footwear

Size range: from 39 to 47 (French size)

Identification of last: ATILIO

Manufacturing process: Cemented construction

The footwear has a non-metallic penetration-resistant insert cod. "ON PROTECTOR Z"

The footwear has not a toecap in protection of the foot toes and, therefore, it will not protect against physical and mechanical hazards of impact and on the foot toes.

2. The tests and the examinations to verify the conformity of the article (in compliance with art. 10 of Directive 89/686/EEC – Decision 768/08/EC Module B) are performed applying the following harmonized standards and the Regulation 1907/2006/EC Annex XVII and subsequent amendments and integrations:

- EN 15090:2012 – Footwear for fire-fighters.
- EN ISO 20344:2011 – Personal protective equipment – Test methods for footwear.
- EN ISO 20345:2011 – Personal protective equipment – Safety footwear.
- EN 12568:2010 – Foot and leg protectors – Requirements and test methods for toecaps and penetration resistant inserts.

3. The results of tests and examinations are contained in the following test reports:

C.I.M.A.C.	RP 2013\2252-1-RP-2	dated	22/10/2013
C.I.M.A.C.	RP 2013\2252-1-RP-3	dated	22/10/2013
SATRA	SPC0218863/1341	dated	14/10/2013

4. Requirements of the personal protective equipment:

The Half-knee occupational boot art. "HELECHO 15090 CAM" complies with:

the basic requirements for safety footwear specified in table 4 of EN 15090:2012 standard;
the additional requirements for special applications specified in table 4 of EN 15090:2012 standard:

(Category F1PA–CI–R–HI₃)

- antistatic properties;
- penetration resistance of sole complex;
- cold insulation of sole complex;
- compression resistance of the toepuff;
- level of performance "HI₃";
- raised ridges under outsole.

The shoe complies the requirements of footwear "Type 1 - Suitable for general-purpose rescue, fire suppression, fire fighting suppression action involving a fire in vegetative fuels such as forest, crops, plantations, grass or farmland. Outdoor interventions, fire and wild land fire fighting; no protection against penetration, no toe protection, no protection against chemical hazards" specified in table 4 of EN 15090:2012 standard Category F1PA–HI₃.

In the EC Type-Examination Certificate of this PPE, the product complies with the basic requirements by Annex II of the Directive 89/686/EC – DL 4.12.95 n. 475, relating to the evaluation of the protection given to the operator in specific working conditions described in the applicable standards.

In the evaluation of conformity, the users should verify the correspondence between their risk assessment and the one described in the above mentioned standard.

The shoe complies with what prescribed by EN ISO 20345:2011 standard concerning the slip-resistance of the outsole, "SRA" requirement.

The leather and/or textile components of the footwear comply with what prescribed by the Regulation 1907/2006/EC Annex XVII and subsequent amendments and integrations relating to restrictions on the marketing and use of certain dangerous substances and preparations (azocolourants).

The metallic components coming into direct and prolonged contact with the foot comply with what prescribed by the Regulation 1907/2006/EC Annex XVII and subsequent amendments and integrations relating to the release of nickel.

5. Marking of the personal protective equipment:

The following information must be reported on the footwear in a durably and indelibly marked:

- the “CE” mark
- date of manufacture (month and year)
- the number of the notified body, chosen by the manufacturer, in charge of making the periodical control systems foreseen by art. 9 and 10 of DL 475 dated 9/12/92
- manufacturer’s type designation: HELECHO 15090 CAM
- the number and year of the reference European standard: EN 15090:2012 (see notes)
- the symbols appropriate to the protection provided: F1PA–CI–R–HI₃–SRA (see notes)
- manufacturer’s identification mark: “ROBUSTA”
- the picture for the protection provided: footwear Type 1 – Cat. F1PA
- size.

6. Notes:

- The manufacturer is the one assuming the responsibility of design and fabrication of a product included in the Directive, in order to throw it in the market.
- The marking for the number and year of the reference European standard and the symbols appropriate to the protection provided should be adjacent to one another.
- This EC Type-Examination Certificate must be kept by the manufacturer, in order to produce it, on request, for the control body or safety control administration.
- The content of this EC Type-Examination Certificate is referred to the tested personal protective equipment only.
- This EC Type-Examination Certificate may be integrally duplicated; the copy must be faithful, legible (if pint size) and must contain the bold caption “TRUE COPY”.
- The manufacturer should inform ANCI Servizi srl – Sezione CIMAC for any modification to the product, to the place/process of manufacturing and, if relevant (III category PPE), to the quality system if this compromises the conformity of the product to the essential requirements or other provisions of the Directive 89/686/EEC.
- The manufacturer should report all the complaints relating to the conformity of the certified product to the requirements of the reference harmonized standards and supply these reports on request of ANCI Servizi srl – Sezione CIMAC.
- The manufacturer should implement appropriate corrective actions when nonconforming product to the essential requirements of the EC certification are identified.
